Farmingdale, NY 11735

Dave,

We would like to welcome Daystar to Wincore and thank you for your trust in us. We are looking forward to serving you and building a true partnership that has been based on long term relationships.

Wincore is made up of a group of industry veterans with over 200 years combined experience. We set out to design and build the best windows and doors in the industry and we have focused on people first. The team is built with people who have advanced technical knowledge that know how to do things right the first time. Most important, we realize that integrity and trust are not simply words but a way of life. Our philosophy is simple. It's not about being the biggest. It's about being the best.

Daystar is coming on board at a very exciting time for Wincore as we are growing rapidly, covering 32 states, and we are proud to have you as our representative on Long Island.

Sincerely,

W. Sterling Simonton
Operations Manager
